Instructions:

1. Cut out the cover insert, on page 1, around the outer perimeter. Do not cut along the center.
2. Fold the cover insert in half, with the text on the outside.
3. Insert the cover insert in the CD case cover.

4. Cut out the tray insert, on page 2, around the outer perimeter.
5. The right-most long narrow title “tab”, on the tray insert, is for CD case with a transparent tray. Remove this “tab” if the CD case has an opaque tray.
6. Fold the left and right long narrow title“tabs” to a 90 degree angle, away from the main tray cover portion. If the right-most “tab” is retained for a transparent tray, fold that “tab” 90 degrees again, away from the title “tab” next to it. The text should appear around the exterior of the folded cover, not the interior.
7. Remove the tray from the case.
8. Place the tray insert in the case.
9. Insert the tray, being careful that the title tabs are flat against the case.

10. Please appropriately discard this portion and the scrap bits of paper.

The Time Machine (Version 3)
H. G. Wells

The Time Machine (Version 3)

H.G. Wells’ classic science fiction−fantasy story, in which a scientist known only as "The Time Traveller" tells the tale of his journey to the year 802,701 A.D. and beyond, where he witnesses the end of human civilization as we know it, as well as the beginning of the end of the world. This original time−travel story has been copied many times, but never improved upon.
